Dear Mr. Makil:

Reference is made to your application and/or letter of July 13, 1993 in which you inquired as to whether or not a Section 404 permit is required from the U.S. Army Corps of Engineers to construct a landfill at Sections 18 and 19, T2N, R6E, Maricopa County, Arizona.

Based on the information furnished in your application and/or letter (referenced above), we have determined that your proposed project is not subject to our jurisdiction under Section 404 of the Clean Water Act. Since there are no waters of the United States within the aforementioned proposed project area, no Section 404 permit is required from our office.

The receipt of your application and/or letter is appreciated. If you have any questions please contact Ron Fowler of my staff at (602) 640-5385.

Sincerely,
